University of Queensland Union collection

Size	205 boxes, 14 parcels and 5 folders
Contents	Minutes, union publications, subject files, correspondence, financial records, student benefaction records 1920s-1940s, membership files, photographs, architectural plans, and some records of radio station 4ZZZ.
Biography	The University of Queensland Union was first mooted in 1911. It was not until 1921 however that competing student representative bodies coalesced to form the union. Except for brief periods, most notably the 1940s, late 1960s, 1970s and 1980s, the union has largely avoided broad political issues. Instead the union has mainly functioned as an administrative body initiating extra-curricular student activities such as sporting activities.
Notes	Open access
