

UQFL490

A F Wilson Collection

Size	7 boxes
Contents	Geological field notes, reports, journal articles, thesis, travel notes, photographs, negatives, maps and geological samples, 1954 to 1984
Biography	Professor Wilson was a graduate of the University of South Australia. Later, he completed a Master of Science under the supervision of Sir Douglas Mawson in the same state. Following his placement at the University of Western Australia, Professor Wilson was appointed head of the Department of Geology and Mineralogy at the University of Queensland, 1960 to 1986.
Notes	Open access

Box 1

Geological field notes, from Northern Territory and Central Australia, 27 notebooks, handwritten 1943 to 1988

Box 2

Geological field notes from Western Australia, 40 notebooks, handwritten, 1949 to 1990

Box 3

Geological field notes from Queensland, New South Wales, South Australia and the Australian Capital Territory, 32 notebooks, handwritten, 1945 to 1990

Box 4

Geological field notes from: the United States of America, South America, New Zealand, Indonesia, Papua New Guinea, China, India, Africa and United Kingdom, 29 notebooks, handwritten, 1955 to 1988

Box 5

Australian and Marine Resources and Element Research Pty. Ltd. *Final report for exploration licence No. 33114, New Zealand, 1982*. 1 vol. + map in sleeve.

Geological Survey of South Australia. Maps (3)

Rock samples

'The Charnockites and ancient pyroxene gneisses of the Musgrave Ranges, North-West of South Australia: together with Geographical Notes and appended Glossary of useful Aboriginal words.' (Typescript report, no date).

Planet Metals Ltd. Prospectus, 1966.

Unpublished report: Golding, S. D. 'Stable isotope and geochemical studies of porphyry-related gold mineralization, Kambalda (Western Australia), 1984'.

Box 6

Various postcards, photographs, negatives, slides, depicting people, rocks, landscapes, travel etc. Catalogue cards listing details of Professor Wilson's journal articles, plus other various geological notations.

Folder 1

Photographs, correspondence and newspaper item concerning his UNESCO trip to Brazil, 1967.

Folder 2

Correspondence between Professor Wilson and the UQ Department of Geology and Mineralogy concerning items borrowed by him.

Folder 3

Neuron Activation Analysis results (data sheets), 1982, 1984.

Neuron Activation Analysis brochures and procedures.

Folder 4

Bibliography of papers/articles/documents published by the University of Queensland Department of Geology, 1957 to 1959, 1960 to 1961, 1966, 1964 to 1967.

Folder 5

Journal article reviewed by Professor Wilson for submission to *Economic Geology*, 1982

Folder 6

Reprints of journal articles:

Wilson, Allan F. & Ajoy, K. Baksi. 'Unusually light oxygen in granulites from the Strangway Range, Central Australia.' (6 copies)

Wilson, Allan F. 'Geological report on granites in West Africa'. 1965. (3 copies)

Plus handwritten "Memoirs of UNESCO trip in West Africa." (1965?)

Aerial photographs of St. Lucia campus, UQ, and proposed university site at Mt. Gravatt (Griffith University?), 1967.

Bibliography of works published by Henry Caselli Richards, 1908-1928.

Bibliography of works published by N.C. Stevens, 1950 -1955.

Box 7

Professor Wilson's thesis:

The Charnockitic granites and associated granites of Central Australia. Thesis for the degree of Doctor of Science in the University of Western Australia by Allan Fraser Wilson, 1954. (3 vols.)

Note: Vol 1 titled 'The published works of Allan Fraser Wilson'
